### **Sergeant Skyler Gehman, United States Army**

Sergeant Skyler Gehman, United States Army, distinguished himself by meritorious achievement as a Cyberspace Exercise Blue Team member during Cobra Gold 23, at the Royal Thai Navy Air Base, U-Tapao, Kingdom of Thailand from FEB 2023 to MAR 2023. Sergeant Gehman demonstrated his technical proficiency and attention to detail by conducting defensive cyber operations and protecting critical infrastructure including industrial Supervisory Control and Data Acquisition systems. Specifically, Sergeant Gehman performed critical hardening of the teams Web Server and Exchange Server, halting the efforts of the Opposing Force to infiltrate the Mission owners network. Embracing the spirit of cooperation, Sergeant Gehman seamlessly interfaced with the partner nations defensive cyber teams, sharing knowledge of defensive cyber operations. This collaboration strengthened the relationships of the United States joint services, Thailand, Malaysia, Indonesia, Japan, Korea, and Singapore, and set the tone for future exercises. Moreover, as an assistant team lead, he supervised team members' performance and ensured seamless coordination and collaboration within the team. Sergeant Gehman's extraordinary leadership and dedication were instrumental in the team's success in achieving the objectives of the exercise. His exceptional ability to work under pressure in a complex and dynamic environment earned him high praise from his superiors and peers. The distinctive accomplishments of Sergeant Gehman reflects credit upon himself, the United States Army, and the Department of Defense.
